## **NOTICE OF ALLOWANCE**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 3/19/2008 has been entered.

This is a Notice of Allowance in response to Amendment filed 1/2/2008.

Claims 1-21 were rejected in the Office Action, dated 10/2/2007.

Objection to the specification for lack of an enabling description with respect to claims 1-3, 6-9, 12, in reference to the limitation "selecting a bit", has been withdrawn in view of Applicant's arguments.

Objection to the claims, because the preamble has not been given patentable weight for not reciting "a method for testing an integrated circuit (IC)" in the main body of the claims, has been withdrawn in view of the amendment to the claims.

Rejection of the Claims under 35 U.S.C. 112, first and second paragraph, with respect to the limitation "selecting a bit" recited in claims 1-3, 6-9, 12, has been withdrawn in view of Applicant's arguments.

Rejection of the Claims under 35 U.S.C. 101, because of non-statutory subject matter, has been withdrawn in view of the amendment to the claims.

***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 2/21/2008 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

***Allowable Subject Matter***

Claims 1-21 are allowed.

**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious a method for testing an integrated circuit (IC) recited in the independent claims 1 and 7, as currently amended, including among other limitations, "storing the selected bit from the selected memory array in a component of the IC chip wherein an outcome of the ABIST test is determined based on the stored selected bit".

Independent Claims 13 and 17 recite an apparatus including among other limitations, "a selection circuit for selecting one of the plurality of memory arrays, and storing the bit from the selected memory array wherein an outcome of the ABIST test is determined based on the stored selected bit".

Consequently, Claims 1-21 are allowed over the prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JAMES C. KERVEROS whose telephone number is (571) 272-3824. The examiner can normally be reached on 9:00 AM TO 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jacques H. Louis-Jacques can be reached on (571) 272-4150. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
